

## FATHER AND SON BATTERY WORK

For Catholics But Lose To Presbyterians 19 to 8—New Team Looks Good, Tho'

HOW THEY STAND

Team	Games Played	Won	Lost	Pct.
2nd Christians	4	4	0	1.000
1st Christians	4	3	1	.750
1st Baptists	4	2	2	.500
Presbyterians	4	2	2	.500
Catholics	1	0	1	.000
Methodists	5	3	2	.600

(By Edgar T. Higgins)

The Presbyterian nine won their second game of the season from the new Catholic team on the Normal grounds Friday by a score of 19 to 8.

The new Catholic team shows a lack of practice and material. The two Elder boys and Walser showed well. The veteran James McCarty, on the mound for the Catholics, disdained to use a glove and stuck to his old way of playing and showed the boys how the game used to be played. His son completed the battery—the first father and son battery heard of around here. Walser proved to be the star hitter, hitting the losers, getting a triple, a double and a single in four times up.

The Presbyterian team showed up well both at the bat and in the field. They made only one error during the entire contest. Their big inning was the sixth, in which they collected six hits, with a base on balls, and three errors for eight runs. Charley Terrill started pitching for the Presbyterians, but was replaced by Arnold Hanger in the second inning. Watch out for this team, you contenders.

The score:

Presbyterians	ABERHPOAE
Greenleaf, lf	3 2 0 0 0
Hutchins, ss-lb	4 3 2 5 0
A. Hanger, 1b-p	5 1 1 1 0
Terrill, 2b	4 1 1 1 1
B. Hanger, 2b	4 2 3 1 1
Deatherage, cf	4 3 3 0 0
Winkler, c	3 2 12 2 0
Terrill, p-ss	4 2 1 1 1
H. Hanger, rf	4 2 1 0 0
Total	35 19 16 21 8

Catholics	ABERHPOAE
J. McCarty, lf	4 0 2 2 0
E. Elder, 1b	2 2 1 0 0
Enright, 2b	4 2 1 0 1
Walser, ss	4 2 3 3 3
N. Elder, 3b	3 1 2 1 0
Pontrich, cf	4 0 1 1 0
J. Kelly, cf	4 0 1 0 0
R. Kelly, lf	3 0 1 0 0
McCarty, Sr., p	1 0 0 0 1
R. Rogers, p	1 0 0 0 0
Total	21 8 11 11 8

Presbyterians 19 to 8 Catholics 8 to 19

Two-base hits—Walser, Deatherage and Winkler.

Three-base hits—Hutchins, A. Hanger and Walser.

Left on bases—Presbyterians 2, Catholics 7.

Stolen bases—Greenleaf 2, Deatherage 2, Hutchins 2, Winkler, Terrill, Rogers, N. Elder 2, L. Elder.

Balk—McCarty.

Struck out—By Rogers 3; by Terrill 2; by A. Hanger 11.

Base on balls—Off Terrill 2; off McCarty 2; off Rogers 1.

Hit by pitcher—By Hanger 3.

Wild pitches—McCarty 1; Terrill 1; Hanger 1.

Pass balls—Winkler 2; McCarty 1.

Umpires—Norman and Devore.

**Madison's Quota Is \$2,000**

The Salvation Army drive which was advertised to be held this week has been postponed. Arrangements are being made to have the quota of \$2,000 raised by the churches of the county. Anyone desiring to make a donation to this splendid cause will mail their check to Mr. R. E. Turley, who is treasurer for the local board.

**WANTED—300 men wanted at the Alhambra Theatre Sunday morning at 9:30.**

**Sandwiches a specialty at Baptist sale Saturday. Sewell & McKinney's.**

**Today's Produce Prices**

Hens	20c lb
Eggs	13c dozen

## Weather For Kentucky

Unsettled in east portion; fair in west portion tonight and Sunday.

## Today's Livestock Markets

Cincinnati, O., May 21.—Hogs steady; Chicago strong; good lambs, butcher cattle and calves steady.

Louisville, Ky., May 21.—Cattle 10; slow and unchanged; hogs 1100; higher; tops \$9; sheep 2000; steady; \$5.25; lambs unchanged.

## RUTH LEADS KELLY BY FOUR HOMERS

(By Associated Press)

Chicago, May 21.—"Rabbit" Maranville of Pittsburgh, was on a batting rampage during the past week and went from tenth place to second to become the runner-up to Roger Hornsby, the St. Louis star, who is topping the National League regulars in batting despite the fact that he ran into a slump. Maranville's average is .368 compared with .356 last week, while the National champion of last year dropped from .471 to .457.

George Kelly, of the Giants, who is competing with Babe Ruth, of the Yankees in the major race for home run honors, hit only one four-play blow, which brought his total up to eight while the American league champion has an even dozen.

Bohne, of Cincinnati, stole another base during the week and leads the base stealers with eight thefts.

Other leading batters: Schultz, St. Louis, .364; Barber, Chicago, .356; Hargrave, Cincinnati, .354; Johnston, Brooklyn, .351; McHenry, St. Louis, .346; R. Miller, Philadelphia, .346; Carey, Pittsburgh, .343; Deal, Chicago, .341; Kelly, New York, .340.

The averages are of those players who have participated in 15 or more games and include games of last Wednesday.

A number of surprises are in store for the American league batters in the next few weeks. Tyrus Cobb, pilot of the Tigers, is back at his old tricks with the willow and promises to make things interesting for one of his outfielders, Harry Heilmann, who is leading the league with an average of .454. Cobb's mark is .395. George Seiser, the St. Louis star, is coming fast and has moved from 37th to fourth place in two weeks. His average now is .380, one point behind Stephenson, the Alabama University star who is playing second base for the world's champion Cleveland team. Bib Falk, White Sox outfielder, who is declared to be the find of the season, is attracting considerable attention because of his slugging. Falk went from 293 a week ago to .347 and is tied with Williams, of St. Louis, for tenth place.

Babe Ruth had a fairly prosperous week, bagging three circuit drives. Harris added a brace of bases to his stolen base record and is showing the way with 8.

Other leading batters including games of Wednesday: Speaker, Cleveland, .378; Ruth, New York, .378; Menosky, Boston, .375; Bassler, Detroit, .362; Tobin, St. Louis, .360.

Butler and Brief, Kansas City teammates, have exchanged places for the leadership of the American Association batters the former topping the list with an average of .448, while the latter is hitting .426.

## Will Soon Be Out

Friends will be glad to know that the burns of Mr. William Martin sustained early this week at Perry's Drug Store, while taking down from a shelf a quart jar of sulphuric acid, were not so serious as at first reported. According to reports Saturday morning, his eyes have not been affected by the acid, and that he will be able to leave the infirmary either today or Sunday.

**FOR your "Sunday dinner—Spring chickens, hens, frogs, Price's sausage, brains, baked fish, and canned goods of all kinds. NEFF'S, phone 431.**

**Buy your Sunday dinner from the Baptists Saturday. Sale at Sewell & McKinney's.**

Miss Margaret Doty is visiting Mr. and Mrs. T. S. Pieratt, at Lancaster.

## KLEPTOMANIA BLAMED FOR WOMAN'S THEFTS

Wife of Wealthy Bond Broker, Suffering From Auto Accident, Became Impostor

(By Associated Press)

Chicago, May 21.—An automobile accident resulting in injuries which led to kleptomania is blamed by relatives and physicians today for acts of Mrs. Joseph S. Heil, wife of a wealthy bond broker, and who confessed last night, according to police, that for more than a year she had been robbing homes of wealthy families while posing as a maid. Loot said to total more than \$25,000 was found in Mrs. Heil's home. She is held at the detention home today formally charged with robbery. Her condition is said to be serious. Moreover, she is about to become a mother.

Members of the family said today she was in an automobile accident several years. An operation was necessary, but the wound never healed. The case is most unusual. She had an allowance of \$300 a month from her husband, two automobiles and a magnificent home, according to her confession. She forged references and obtained employment as maid and robbed many fashionable North Shore homes. All said she was a "perfect maid" and so efficient that she was trusted fully. The loot ranged from bird cages to silverware, lamps, chinaware and valuable jewelry. A number of platinum pins and diamond rings being traced today through pawn tickets were found at her home.

Heil for some time refused to believe the charges. He had accepted the explanation that she had bought the articles at auction. "Why," he said, "I can cash my personal check for \$250,000 in any Chicago bank; then why should my wife steal?" His income is said to be \$150,000 annually. Mrs. Heil is 38 years old and has a married daughter.

Tracing of a license number on an automobile carrying a quantity of goods away from a home where she was employed traced to her and proved her undoing.

## CHRISTIAN SUCCEEDS CANEER AT STANFORD

Prof. Virgil Christian, who has been principal of the Anchorage Graded and High School for the last two years, has accepted an offer of the Stanford Graded and High School board of trustees to become superintendent of that school and will go there in September to take charge at increase in salary. He succeeds Superintendent M. L. Caner, formerly of Richmond, who resigned at Stanford to take charge of the old home farm at Connersville, Tenn. The place was tendered Prof. Christians by Stanford trustees after he had visited Stanford. He was superintendent of schools in Marion, Crittenden county, for several years before going to Anchorage. He had been principal of Marion High School before that. He is a graduate of Georgetown College and is about 35 years of age.

## Shot His Big Toe Off

The Adair County News tells of this hunting accident: Bingham Hopper, who lives in the Gradyville country, was out hunting in company with L. L. Sneed. He had a single-barrel shotgun and had stopped to rest. His gun was cocked, but he had forgotten that he had the hammer pulled back, and he turned the gun down, the muzzle resting on his right foot. While it was in that position he pulled the trigger and it fired, the whole going thru his foot just above his great toe. From the nature of the wound it looks like he might lose some toes.

## Prof. G. D. Smith Honored

Prof. G. D. Smith, of the Eastern Normal, was honored this week at a meeting of the State Academy of Science, in Lexington, by being unanimously chosen as president. Prof. Smith was present for the meeting and delivered an address on the subject, "The Rattlesnake and the Copperhead."

**Golden Dream Coffee sold by first class grocers everywhere. 3c**

## Is it a Petrified Fish?

Z. M. Boen, well-known East End farmer, has brought to the Daily Register office a most peculiar stone which was dug up on his place some time ago. Mr. Boen says some think it is a petrified fish, but to the scribe it appears more like an immense, petrified sweet potato. The rock is very unusual, both as to shape and size. Local scientists and geologists are invited to drop in at the Daily Register office and pass upon it.

## ALL'S QUIET ALONG THE TUG TODAY

(By Associated Press)

Williamson, W. Va., May 21.—Major Tom Davis, sent here to enforce the governor's proclamation of martial law in Mingo county, visited towns along the Tug river where disorders occurred and found the country peaceful and quiet. Fierarms were distributed today among citizens who were sworn in as state policemen for emergency.

No firing from the Kentucky side was reported during the night.

## HOLD UP AND LOOT A FREIGHT TRAIN

(By Associated Press)

Buffalo, N. Y., May 21.—Twenty armed and masked men held up a New York Central freight train near North Tonawanda early today, intimidated the crew with pistols, leisurely looted the cars and carried away silks, shoes, automobile tires, clothing, and other freight estimated to be worth \$70,000. The train was held for half an hour, half of the bandits covering the crew and railroad detectives who were on the train as guards while the others loaded the goods into six motor trucks.

## MAN'S SKELETON FOUND AT SLADE

(By Associated Press)

Winchester, Ky., May 21.—Police today are trying to solve the mystery surrounding a skeleton of a man found yesterday near Slade. County Clerk Clay Skinner today received a message saying that the skeleton was found fully dressed and in the pockets was a pocketbook containing several dollars, including two half dollars coined in 1919. It also contained clippings from newspapers several years old. The man had been dead apparently about a year, according to authorities.

## CATTS HELD ON BOND

(By Associated Press)

Albany, Ga., May 21.—Sidney J. Catts, former governor of Florida, was arrested here today on a federal warrant from Florida charging poeage. His bond was fixed at \$25,000 when he was arraigned before a commissioner. It had not been furnished at noon.

## REDS WIN

YESTERDAY'S RESULTS

National League	Chicago 3, Boston 4
Pittsburgh 3, Brooklyn 2	
New York 10, Chicago 6	
Philadelphia 4, St. Louis 2	
American League	Chicago 6, New York 5
Cleveland 16, Philadelphia 3	
St. Louis 5, Washington 2	
Detroit 12, Boston 2	
Minneapolis 12, Indianapolis 7	
Minneapolis 12, Columbus 3	
Toronto 7, St. Paul 4	
Louisville 7, Kansas City 4 (13 innings)	

Boston, May 21.—Cumbe pitched well for Cincinnati Friday and the visitors hit McQuillan hard and often, defeating the Boston, 5 to 4. Cumbe pitched well and made three hits, batting in the winning run in the sixth.

Score by Innings: R H E  
Cincinnati 0 1 1 0 0 0—5 11  
Boston 5 4 0 0 0 0—11 9  
Batteries—Cumbe and Wingo; McQuillan, Scott, Nicholson and O'Neil.

## Oil Still Was in Barn, Mash Supply in Woods

Mayfield, Ky., May 21.—A three burner oil still was found on the Vic Allen farm. In a woods nearby two barrels of mash were located. No arrests were made.

**WANTED—300 men wanted at the Alhambra Theatre Sunday morning at 9:30.**

## DONOVAN ACCEPTS PLACE ON FACULTY

Gives up \$4,800 Salary at Jenkins to Take Place at Eastern State Normal

President Coates has received a telegram from Superintendent H. L. Donovan, of the Catlettsburg Public Schools, accepting a position on the faculty of the Normal School next year, beginning September 1st. He will be a very valuable addition to the faculty. The following extract taken from the K. E. A. bulletin will give the reader some knowledge of this young educator:

"Supt. H. L. Donovan, who is now superintendent of the Catlettsburg Public Schools, was elected recently as superintendent of schools at Jenkins, Ky. The four towns of Jenkins, Burdine, Dunham, and McRoberts, with the total population of 12,000, are united under one school system. Mr. Donovan's salary in the new position will be \$4,800 a year. The school board at this place is certainly to be congratulated on securing an educator of Mr. Donovan's attainments. Amiable and kindly disposed, his friends are numbered by the hundreds. He is a close student of school affairs and one of the most progressive school men in the state.

"Mr. Donovan was born March 17, 1887, in Mason county, Ky. He attended country school, graduated from Minerva High School in 1905; Western Normal School in 1908; A. B. degree University of Kentucky in 1914; A. M. degree, Teachers' College, Columbia University in 1920; taught one country school; Ward Principal, Paducah, Ky., three years; superintendent of schools, Wickliffe, Ky., two years; principal of J. B. Atkinson School, Louisville, one year; assistant superintendent of Louisville schools, three years; superintendent of schools, Catlettsburg, Ky., 1920-21; superintendent-elect of Jenkins, Ky.

"Mr. Donovan served one year in the army as a psychologist. His duties were to make mental measurements of the men as they entered the army.

Mr. Donovan recently refused the position of assistant superintendent of the City of Detroit at a salary of \$5,000.

## Fever Which Took Father Claims Leading Lumberman

Inez, Ky., May 21.—E. Wayne Lowe, superintendent of the Crane and Company timber operation, long prominent in the lumbering industry, died of typhoid, the same disease that killed his father 40 years ago when he was an infant.

## Vaccine Point Injury Is Followed by Blood Poison

Mayfield, Ky., May 21.—The little child of Mr. and Mrs. Doran, who live on the Henry Bennett farm, who was confined to her home with smallpox, has become critically ill from blood poisoning resulting from pricking her finger with a vaccine point with which she was playing.

## Mother of 11 Dies of Measles

Maysville, Ky., May 21.—Mrs. J. N. Zeigler, 52, died at her home at Sardis of measles. She is survived by 11 children.

## Farmers Ask Millions More Than Loan Quota

Louisville, Ky., May 21.—With prospect for only about \$4,000,000 to lend in the immediate future, the Federal Land Bank here already has received applications of farmers for loans aggregating \$6,000,000.

## Cities to Join Efforts for Fairer Freight Rates

Louisville, Ky., May 21.—Representatives of all cities in the Ohio valley from Cincinnati to St. Louis will be asked to meet in June to frame plans to obtain a more equitable adjustment in freight rates between these and northern cities, it was decided at a meeting of about 25 of Louisville's largest shippers.

## Don't forget the Baptist food sale Saturday in Sewell & McKinney's window.

James I. Hamilton, the big Garrard farmer, has lost several young cattle from blackleg.

## Paint Lick Girl Weds at Stanford

Miss Margaret Scott and Mr. Elbert Teater surprised their families and friends last week by going to Stanford, where they were united in marriage by Rev. Arnold of that city. Mrs. Teater is the second daughter of Mr. James A. Scott, of Paint Lick, and a beautiful and accomplished young woman. Mr. Teater is a son of Mr. Allen Teater, of Garrard county, and is a prominent farmer of sterling worth and honor.

## A TREAT IN STORE FOR MUSIC LOVERS

The May Music Festival which will be given on Thursday and Friday of next week promises to surpass any festival given here in the past five years. Prof. S. S. Myers director, has done splendid work with one hundred voices who make up the chorus, and the talent is by far better this year. A large number of the local musicians are helping in the chorus work, and with a few more rehearsals, everything will be in readiness for the presentation of the oratorio of the "Creation" by Joseph Haydn.

The solo artists for this May Festival include the best talent in this country, and the Normal School was fortunate in being able to secure Mr. Dan Beddoe, tenor; Miss Harriett Beecher Stowe, soprano, and Mr. Robert J. Thuman, baritone.

Another feature of the May Festival this year is the Cincinnati String Quartet, together with a large number of local musicians who will furnish the music for the Festival.

This is the big event of the year at the Normal, and will afford a treat that is seldom heard outside the larger cities of this country. A full house should greet the performers on both Thursday and Friday evening. Season tickets are now on sale at the Normal office.

## MRS. ELIZA LACKEY LOSES GOOD SISTER

Frankfort, Ky., May 21.—All graded schools which do not contain at least 100 pupils automatically reverts to the status of a county school, according to a letter just sent to chairmen and secretaries of graded school boards and county superintendents. They also must maintain a standard four year high school or pay the tuition of pupils who wish to attend such schools elsewhere.

"Inefficient and illegal graded school district constitute one of the most glaring weaknesses of our school system and must be corrected," adding that "advice and assistance from this department will be given to any board."

A recent inspection of graded districts throughout the state show that there are a number of graded school districts which do not maintain the legal standard, according to school officials. They must raise the standard at once or lose their standing, it is declared.

Graded school districts in Kentucky have their separate boards of education and do not come under the direction of the county superintendent but under the new law, when they fall below the requirements they revert to the control of the county board and superintendent.

The letter also notifies the graded boards that none will be permitted to levy a less tax rate than that levied by the county boards of education. This it is asserted would allow the richer districts in a county to withdraw from the county system and make impossible the establishment and operation of efficient schools in the poorer districts. "Our great problem," says the letter, "is to equalize educational opportunities for all the children and this cannot be done until, first, all the wealth in the county is made to contribute to schools, and secondly, until the wealth of all the state is made to equalize the educational opportunities for all the counties of the state."

## Opens Branch Office At Corbin

The Davison-Telford Electric Company have opened a branch office at Corbin. Mr. Smathers will be in charge of the office there. They will carry a full line of electrical fixtures and appliances. Besides they will distribute the Deleo-Light plant in that territory. These boys are making good and their many friends will be glad to learn of their progress.

## BIDS ON LEXINGTON PIKE ASKED IN JULY

Says State Road Commissioner Boggs, Who Saved State \$140,000 on April Bids

State Road Engineer Joe S. Boggs, who spent Friday at his home here on business, said that bids for the reconstruction of the Lexington pike, would be asked for in July, and as soon as received, if satisfactory, work will be pushed.

Mr. Boggs said that his department has just effected a saving of \$140,000 on three road contracts was made by rejecting all bids April 15, after opening bids for the construction of federal aid projects in Whitley, Letcher, Laurel and Mullenburg counties.

The Laurel and Whitley projects will be waterbound macadam, surface treated, and the Mullenburg project paved with Kentucky rock asphalt. On the same types the lowest bid in Whitley was \$55,000 under the lowest bid of April 15, in Laurel \$43,000 and in Mullenburg \$42,000.

In Mullenburg the lowest asphalt bid was only \$26,000 more than macadam April 15. Bids were received from Tennessee and Iowa as well as from Kentucky contractors.

The lowest bid for 9.3 miles of macadam on the London-Rockcastle road, Laurel county, was \$291,460. A. J. Wardrip, Knoxville; on 9.4 miles, Williamsburg Corbin road, Whitley county, was \$304,663.82. R. T. Durrett, Louisville; and 5.7 miles of Kentucky rock asphalt, Greenville-Central City road, Mullenburg county, \$216,108.56. Rudell Construction Company, Madisonville.

## GRADED SCHOOLS MUST HAVE HUNDRED PUPILS

(By Associated Press)

Frankfort, Ky., May 21.—All graded schools which do not contain at least 100 pupils automatically reverts to the status of a county school, according to a letter just sent to chairmen and secretaries of graded school boards and county superintendents. They also must maintain a standard four year high school or pay the tuition of pupils who wish to attend such schools elsewhere.

"Inefficient and illegal graded school district constitute one of the most glaring weaknesses of our school system and must be corrected," adding that "advice and assistance from this department will be given to any board."

A recent inspection of graded districts throughout the state show that there are a number of graded school districts which do not maintain the legal standard, according to school officials. They must raise the standard at once or lose their standing, it is declared.

Graded school districts in Kentucky have their separate boards of education and do not come under the direction of the county superintendent but under the new law, when they fall below the requirements they revert to the control of the county board and superintendent.

The letter also notifies the graded boards that none will be permitted to levy a less tax rate than that levied by the county boards of education. This it is asserted would allow the richer districts in a county to withdraw from the county system and make impossible the establishment and operation of efficient schools in the poorer districts. "Our great problem," says the letter, "is to equalize educational opportunities for all the children and this cannot be done until, first, all the wealth in the county is made to contribute to schools, and secondly, until the wealth of all the state is made to equalize the educational opportunities for all the counties of the state."

## Horse's Veins Drained

Midway, Ky., May 21.—A horse belonging to B. Hockersmith, tied to a tree, became frightened and broke loose and plunged into a plate glass window at the Wallace store and was so severely cut by the glass that it died from loss of blood.

(Lexington Herald Editorial)  
The authorities of Berea College have extended an invitation to the public to be present at a ceremony that will be not only in

## WEAK; RUN-DOWN

**Carolina Lady Got So She Could Just Drag—“Cardui Built Me Up,” She Declares.**

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: “I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag.”

“I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good.”

“Cardui built me up as no other tonic ever did.”

“I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui.”

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes.

At your druggist's. NC-149

teresting but may be an augury of far-reaching moment—the laying of the cornerstone of “Sunshine Ballard Cabin,” tomorrow, Saturday, May 21, at 11 o'clock.

The new building which is given by Lieut. Governor Ballard and named in honor of his wife, will be in accord with the architecture of the mountains and will be used in teaching weaving, pottery, basketry and chair-making, all arts that have long been extant in themountains and inwhich the mountain people excel. It is a notable occurrence for the Lieut. Governor of the state to donate the salary he receives during his term of office for the erection of a building in which these arts are taught. The laying of the cornerstone of the building may well be taken as a happy augury of wider interest in the work that has been done at Berea and more general appreciation of the possibilities of service by that institution.

There is no college in all the country that has rendered higher service than Berea. The work that has been accomplished there in the comparatively brief period since its foundation is remarkable, the benefit that has come from that work in the quickening of spiritual and educational influences throughout the whole Appalachian region is beyond computation.

Without state aid—for a long period without the cordial support of a majority of Kentuckians—Berea moved from the smallest of beginnings, until now its beneficent influence is felt throughout the whole Appalachian region and its fame extends throughout the Nation.

Dr. Frost, its former president, rendered valuable service to the

cause of higher education and equal service to the cause of general interest in education. His successor, Dr. William J. Hutchins, gives full promise of following worthy the high ideals that inspired Dr. Frost and the stern standards by which he measured his service.

If through the gift of the “Sunshine Ballard Cabin” Governor Ballard attracts state attention

## CONVINCING PROOF

**That Lydia E. Pinkham's Vegetable Compound Has Extraordinary Curative Power in Cases of Woman's Ailments**

Columbus, O.—“I suffered very much pain during my monthly periods and felt weak and all run down. I tried many remedies and the doctor said I would have to have an operation. Then before my baby was born I had terrible pains in my sides. I took Lydia E. Pinkham's Vegetable Compound and it helped me wonderfully. I have had two children since I began taking your medicine and did all of my own work including washing while carrying them. I can also recommend Lydia E. Pinkham's Sanative Wash. You may use this letter as a testimonial if you wish.”

—Mrs. THOMAS L. CHRISTY, 704 West Mount St., Columbus, Ohio.

Such a condition as Mrs. Christy was in points directly to a deranged condition of a woman's system, and by following her example taking Lydia E. Pinkham's Vegetable Compound, women may be relieved from such ailments and be restored to normal health and strength just as she was.

If there is anything about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to your health.

to Berea and arouses keener interest in the possibilities of its work, his gift will have a value for beyond its direct usefulness.

There are many reasons that there is need for private schools and colleges in the mountains. Due to the widely scattered population, the difficulty of transportation, the comparative lack of concentrated wealth, the public schools of the mountains are not what they should be, either in equipment, length of term, or as a rule in the training of teachers. It is therefore, difficult for the mountain youth to obtain the foundation of education necessary for entrance into the average college and it is essential there shall be private schools in the mountains and also colleges, the curriculum which is adapted particularly to the needs of those for whom they are primarily intended.

The best blood and brain of the Anglo-Saxon race is in the Appalachian mountains. All who look to the future of our State and Nation should do whatever is in their power to give to the inheritors and conservators of the traditions and the spirit of the pioneers who settled in those mountains generations ago, every possible opportunity to train themselves so that they may lead, as by natural ability so many of them are eminently qualified to lead.

All who can should take advantage of the opportunity to see Berea tomorrow and to participate in the exercises that include speeches by Governor Morrow, Lieut. Governor Ballard, and Dr. Hutchins.

Mr. William Embry, of Ravena, spent the week-end with his parents at Red House.

## FORD PRODUCING 4,000 CARS A DAY

**Present Production Greater Than For Same Period of Last Year**

Ford is building cars at full speed. And, according to an official statement from the factory at Detroit, the demand for Ford cars and trucks still exceeds the output, despite the fact that a new high level of production has been reached.

By the first of May the figures representing daily production were in the neighborhood of 4,000 a day, so the May schedule was set at 101,125 cars and trucks not including the output of the Ford Canadian plant or any of the foreign assembling plants. The output mounted daily; May 12th brought 4092, the greatest number that has been produced in one day so far this year. Since the month has 25 working days, present indications point to a new high record.

A comparison of Ford production figures for 1920 and 1921 discloses the fact that for April, 1921 the output was greater by 34,514 than for the corresponding month of a year ago. The output for May, 1921, will probably overshadow May, 1920, by between fifteen and twenty thousand cars and trucks.

Approximately 43,000 men are at work in the Detroit plant of the Ford Motor Company. The factory is operating on full time, six days a week and three shifts a day.

“We were never in a better condition that we are right now,” said Henry Ford recently.

## “CHINA WEEK” IS SUPREME EFFORT OF FUND WORKERS

As a practical and popular demonstration of the sympathy of the nation for a sister republic, a “China Famine Week,” to be observed throughout the United States, has been set for the eight days from Sunday, May 1, to Sunday, May 8, inclusive.

In this week it is hoped that the churches and civic, commercial and professional bodies will take an active part. The success of this week will determine largely the amount of relief which can be sent through personal sacrifice to 5,000,000 starving people still dependent on outside aid.

## SEND What You SPEND ONE DAY To China

5,000,000 Chinese Famine Victims Still Need American Help Before June.

\$1 will save one life one month.

PICK A PAL IN CHINA FOR A DAY

To hasten the work of relief, this newspaper will forward contributions to the local Treasurer, or to the National Treasurer, China Famine Fund, Bible House, New York City.

Mrs. E. P. Campbell, of Irvine, was a visitor here this week en route to Louisville to see her sister, Mrs. Fanny Lilly.

## At the Ribbon Counter

**ALWAYS** there are pretty new furbelows at the ribbon counter with which to tempt a frail, feminine love of finery. Many of these are too small to be well represented by photographs, but they coax as many dollars out of fair admirers as their larger rivals, and are entitled to honorable mention. They include an endless variety in lingerie bows and rosettes, ribbon flowers, sachets, powder bags, corsage flowers, garters, sleeve bands, and other little accessories. The new feature in these familiar luxuries for this season is the introduction of very narrow ribbon in the making of flowers, flowerlike rosettes, bows and ornaments.

Bags and sashes or girdles still occupy the places of first importance at the ribbon counter. Boudoir caps have always depended upon ribbons to do their cheerful part in their making, and a few examples of these have been selected from late arrivals, for illustration here. Two very handsome bags, shaped to harmonize with their mountings, show rich brocaded ribbons in graceful developments. One of them employs plain satin ribbon with the brocade, and both have plain satin ribbon for handles.

One of the new sashes with loops at each side and a simple knot at the back is made of heavy satin, two-toned ribbon. Little flowers of narrow ribbons at the base of the loops are the wind in ribbon sashes. Nearly all of them are elaborated with ribbon flowers far more lavishly than in the example pictured.

Two new boudoir caps reveal that there is still something new under the sun in these flattering pieces of headwear. They do their best to start the day or end it right, with dainty laces and gay ribbon substituting for a coiffure. One of them is the amusing stocking cap model of lace, with three narrow ribbon frills about the face and a tassel, made of baby ribbon, dangling from its point. The other employs a wide, soft satin ribbon and lace to make it add hanging loops and little flowers of baby ribbon at each side for ornaments.

## REDUCTION IN GAS RATES

Beginning June 1 and thereafter, rates for gas will be as follows: For the first 2,000 cu. ft. in any one month at the rate of \$2.75 per 1,000 cu. ft. All used in excess of that amount during the same month at the rate of \$2.50 per 1,000 cu. ft.

Discount at the rate of 25 cents per 1,000 cu. ft. if paid at the office on or before the 15th of each month. Minimum charge for any one month, \$1.00.

**RICHMOND WATER & LIGHT CO., Incorporated.**

# Value to You of an Advertising Agency

You're in business. You're putting up a line of trademarked goods, we will say. You want to sell them.

You send out salesmen. They get distribution for you. Your goods are on the dealers' shelves.

Now you need advertising—to interest the consumer—to make Mrs. Smith or Mr. Jones ask for your goods by name—to say, for instance, “I want a can of BROWN'S Beans” instead of “I want a can of beans.”

Two courses open to you: You either undertake to prepare and place your own advertising or you shove the whole job on an advertising agency.

If YOU undertake to do it, you first select your papers. Suppose you are going to use 100 papers. What papers? If you haven't a newspaper directory, you have to borrow or buy one. You write to the paper for rates.

After you've picked your papers, you write your ads, employ an artist to make drawings for the illustrations, employ an engraver to make original plates, employ an electrotypist to make duplicate plates, employ a printer to set the ads to secure uniform strong typographical displays; then you mail the proofs and plates to each paper with instructions when to insert; after that you have to search thru the papers to be sure the ads appeared, and if they did, you have to open accounts with 100 papers and mail 100 checks each month while the advertising is running.

You and your office force have done loads of tiresome work and worry that an advertising agency would have done without charge. Thru an advertising agency you pay exactly the rates you pay publishers direct. The agency gets its remuneration in the shape of a small commission from the publishers—a commission they are only too willing to pay because agency service saves them labor and expense.

An advertising agency prepares the ads and, after being OK'd by you, forwards them for insertion, checks up their appearance in the publications. All you have to do is to pay ONE bill to the agency each month.

Besides, the agency gives you, free, the benefit of its expert knowledge of merchandising methods. It analyses your business. It decides before accepting your account whether you are really ready to advertise.

The agency is your representative—just as much so as your salesman.

Most of the successful interstate and national advertising is placed thru advertising agencies.

The nine advertising agencies listed below comprise the Southern Council of the American Association of Advertising Agencies. Write to the agency you prefer and get the benefit of its advice, organization and equipment:

- Thomas E. Basham Co., Louisville, Ky.
- Cecil Barreto & Cecil, Richmond, Va.
- Chambers Agency, Inc., New Orleans, La.
- Nelson Chesman & Company, Chattanooga, Tenn.
- Ferry-Hanly Advertising Company, New Orleans, La.
- Johnson-Dallis Company, Atlanta, Ga.
- Massengale Advertising Agency, Atlanta, Ga.
- Staples & Staples, Inc., Richmond, Va.
- The Thomas Advertising Service, Jacksonville, Fla.

### SOCIAL and PERSONAL

#### Interesting Wedding

Friends have learned with interest of the marriage of Miss Loretta Buchignani to Mr. W. H. Scribner, which was solemnized Saturday afternoon at Georgetown. Mr. M. G. Geiger accompanied the bridal pair to Georgetown and was a witness to the marriage.

After a trip the bride and groom returned to Lexington and for the present are at the Lafayette Hotel.

The bride is pretty and charming and one of the accomplished daughters of Mrs. Eugene Buchignani of Lexington. From childhood she has been a brilliant pianist.

Mr. Scribner is director of the orchestra at the Ada Meade theatre and quite popular.—Lexington Herald.

Miss Buchignani frequently visits

its Miss Evelyn Giunchigliani, and has a number of friends here who will be interested in the happy event.

Mr. and Mrs. Elvada Tudor and Miss Mary Alice, have returned from Mt. Sterling where they attended the Knights Templar convale.

Misses Florence Lewis and Margaret Chenault spent Friday in Lexington.

Miss Josephine Covington is at home from Mary Baldwin Seminary to spend the summer vacation with her parents at Maple Lawn.

Mr. and Mrs. Z. T. Rice, Miss Carolyn Rice, and Z. T. Rice, Jr., and Robert Leslie Rice have returned from a visit to Mrs. Carrie Davidson in Lancaster.

Mr. and Mrs. Clarence Adams and children will return Sunday to their home at Mimic, Ill., after a few weeks visit here.

Mrs. J. G. Taylor has returned from a visit to her daughter, Mrs. J. R. White, in Irvine.

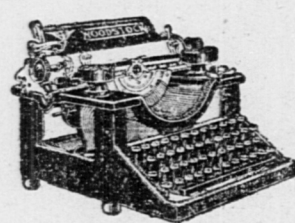

Wm. Arnold, Jr., who came home from North Middletown on account of illness, will probably return the first of the week.

Mrs. Mose Nelson is convalescent from an operation performed

ed a couple of weeks ago and will soon be out.

Messrs. Ted and Robert Burns, of Decatur, Ill., were called here Friday by the death of their uncle Mr. W. S. Hunley.

Mr. E. C. Conroy, of Irvine

spent several days the past week with Mr. and Mrs. C. H. Park, on Second street.

Dr. C. S. Holton was in Lexington this week to see his wife, who is a patient at the Good Samaritan hospital.

Mr. and Mrs. G. C. Clark have returned from a visit to their son Thomas Clark, in New Jersey. They are glad to report to friends here the great improvement in his condition after a six month illness.

Mrs. J. N. Showereke, of Oklahoma City, arrived Friday night to attend the funeral of their uncle, Mr. W. S. Hunley.

Prof. A. C. Duncan, Mrs. B. K. Duncan, Mrs. Chenault, Duncan and Mrs. Wm. Smith all of Irvine were in Richmond Saturday to attend the funeral of Mr. W. S. Hunley.

The Lancaster Record says: Mr. and Mrs. Dunlap Blanton and family have returned from a visit to relatives in Richmond, and have leased the home of Mrs. Larry Anderson.

The Winchester Sun says Mrs. Russell Dykes was called here from Hazard by the illness of her mother, Mrs. Albert Tanner.

Miss Margaret Risk attended the convale in Mt. Sterling Wednesday.

Mr. and Mrs. G. W. Goodloe were visitors in Lexington Friday.

Mr. and Mrs. S. B. Wooley, of Crab Orchard, are visiting relatives here for the week-end.

Mr. and Mrs. Carl Moberly, of Jarrard county, were with friends here this week.

News from the bedside of Miss Austin Lilly is rather encouraging though she is still not entirely out of danger. Drs. Smoot and Barrow are in constant attendance and it is thought the operation will prove successful. Her numerous friends here hope soon to hear of her complete recovery.

Mrs. Mary Hockaday has returned from a visit to her niece, Mrs. R. T. Bruce, in Stanford.

Mr. Shelby Hamilton has returned from Mt. Sterling where he attended the convale.

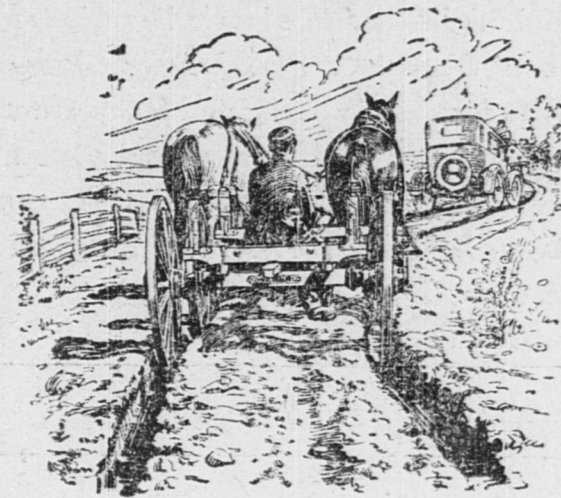

Mrs. Russell Jones has returned to Lawrenceburg after a ten days visit to Richmond friends.

Miss Mary Shackelford is with her grandmother, Mrs. Emma Kaufman, in Lancaster.

Mrs. I. A. Allen, of Lexington, is the guest of Mrs. Florence Bales on Smith-Ballard street.

## Weber Wagon Value

At half price  
would you purchase any automobile in 60-inch track?

At half price  
could you sell to a farmer any automobile in 60-inch track?

Why mislead a farmer into buying a farm wagon that won't track with the automobile?

What better path could a wagon use than the one made as shown above?

When you purchase a Weber Farm Wagon you get more than just a farm wagon. That fact alone is worth looking into.

Some wagons are sold more for the purpose of making a sale and as large a profit as possible than for giving service.

Some dealers are antagonistic to the Standard Track (the one track for every section of the United States) for farm wagons; the 56-inch auto track (not wide or narrow) because they have not got the agency for the Weber.

Some dealers will talk a farmer into buying a 60-inch old-track farm wagon, but when such a dealer goes into the country on business or pleasure does he use a 60-inch track farm wagon, leaving his automobile at home because the 56-inch track is wrong? NO, he uses 56-inch track to go anywhere and everywhere.

Ask the dealers selling automobiles if they have any trouble selling 56-inch track—if they could sell automobiles in 60-inch track even at half price. The answer will be NO.

What track should your new farm wagon be? The Standard 56-inch track, which is neither wide nor narrow.

LOOK FOR THE SIGN

Main Street

Phone 97

Mrs. Mattie Oldham and Miss Elizabeth Gardner are guests for the week-end of Mr. and Mrs. George Williams, in Winchester.

AMERICAN women have been educated in footwear up to a point where they are more fastidious than discriminating. They have long been shod with the most graceful and exquisitely finished of shoes and have come to give more and more attention to style and daintiness and somewhat less to appropriateness. This sweeping assertion does not apply to all of them, but holds good for a majority, as one may prove by watching pedestrians in any city. The trend of demand is for less substantial and more dainty footwear, and the new shoes for this spring are answering this demand. A half-dozen pairs of the most practical shoes found in the displays are shown here, together with a regulation pair of smart sport shoes such as the real golfer insists upon owning. These are comfortable and stylish with a chic of their own which belongs to well-made utility shoes of all kinds. The discriminating woman is conscious of it, as she is of the fitness of other apparel to its uses, but there are women who cannot "see" the utility shoe.

The new styles will please the lovers of dainty footwear, for shoes are much elaborated. Low shoes of all kinds, from evening slippers to sports slippers, fill the horizon, having almost displaced the high shoe for the coming season and having gone a long way toward usurping it during the winter. Straps and buckles, or buttons, form decorative points that are made much of, contrasting colors in leathers or fabrics are used together and fancy stitching in contrasting color is cleverly employed for decoration. Applique figures cut from one leather are applied to another, and patent figures embellish suede and satin shoes. Gray, brown, tan, fawn, white alone, and in combinations, provide the manufacturers with a range of colors which we must concede, are beautifully handled by them, and are the best possible choice for footwear. The variety in shoes is so great that everyone may be pleased, and there is a variety in each particular style also. Taking the dainty slippers shown at the bottom of the group, (in a circle) they are made in black or brown satin, gray or brown suede, or patent-leather vamps with gray suede quarters, or tan calf vamps with fawn suede quarters or in silver or gold cloth.

COPYRIGHT BY WESTERN HEADWEAR UNION

New Millinery.

For summer wear the indications are that large hats will be in high favor. This means, of course, that flowers will be a preferred trimming. Long "sketchy" wreaths of flowers that drape the crown and hang streamer-like at one side are much used, and there seems to be a leaning to large flowers, only one or two of these mammoth blossoms being required to trim the entire hat.

# THE FRANKLIN

THERE is one main reason for the sales record the Franklin has established since the present period of readjustment set in. The Franklin Car gives exactly the sort of performance the times call for.

MEN—and women, too—are applying the same strict standards to their motoring that are being applied to business. The Franklin measures up to these standards. In all its 19 years, it has never countenanced waste in any form.

IT DOES not waste gasoline by carrying superfluous weight. It does not waste tire and car life through rigidity that transmits road jolt and jar. It does not waste power by employing inefficient cooling system.

LIGHT, resilient and direct air cooled, it turns every drop of fuel into useful work, get every possible month of wear from the tires, every possible year of service from the car.

INEVITABLY these business advantages are accompanied by more personal ones. Franklin comfort, ease of handling and freedom from worry and work are out of the ordinary, too. Base your judgment on these actual owner's averages:

20 Miles to the Gallon of Gasoline!

12,500 Miles to the Set of Tires!

50 Per Cent Slower Yearly Depreciation  
National Averages

## DEALER WANTED

We are looking for an alert Dealer to distribute the FRANKLIN Car in Richmond and adjacent territory. Big opportunity for the man who is looking for a proposition that is both permanent and profitable with unlimited possibilities. Full particulars upon request. Applications will be considered in order of their receipt.

## STRAWBERRY CROP IS FINE THIS YEAR

(By Associated Press)  
Lexington, Ky., May 20—Altho the late frosts nipped most of the early blooming fruit crop and the cool weather that has prevailed thus far in May has retarded general farming, both circumstances conspired to make the 1921 strawberry crop the best flavored in a number of years, according to experts at the Kentucky Agricultural Experiment Station here. Strawberries that have been marketed during the present season have been notable for their size and fine flavor.

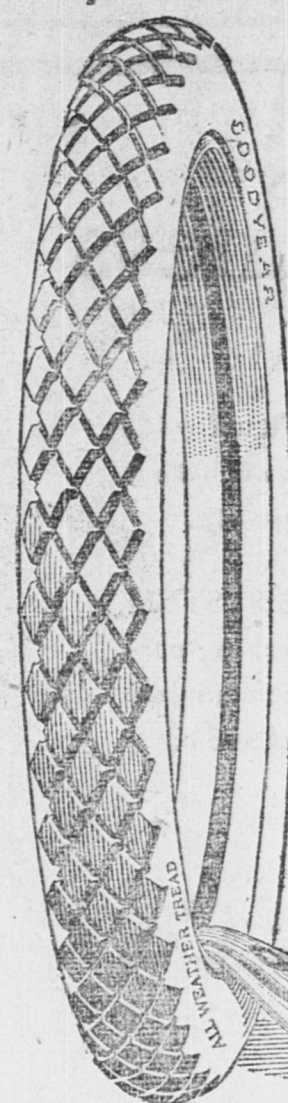

"The cool weather has had the effect of retarding the growth of the berries to such an extent that they have developed slowly and fully," said an expert. "The showers that have been frequent have helped a great deal and as a result berries this year are the finest in several seasons."

"The strawberry plants need two good showers a week and weather that is not too hot to do its best. Thus the early May and late April weather has been ideal from the standpoint of the strawberry grower."

The Kentucky strawberry crop is just beginning to ripen and within a week shipments will be going out from Bowling Green, Paducah, and other points day and night, to all parts of the country. At Bowling Green, during the season, solid train loads of berries are sent to the markets east and north, while Paducah, this year, for the first time in a number of years, expects to ship in large quantities.

Trains which handle the berries are run on the same schedule as passenger trains, except that stops must be made at intervals to ice cars.

## By Far the Best Tires We Have Ever Made

Good as Goodyear Tires have always been, they are even better now. More improvements have been made in them in the last few months than in any equal period in our history. Larger, stronger, heavier, and more durable than ever, Goodyear Tires in every size and type are today by a wide margin the most economical and satisfactory you can buy. You can get them now of your nearest Goodyear Service Station Dealer.

## WAR MOTHERS TO SELL POPPIES

May 30th having been set apart as Memorial Day and the Poppy chosen as Memorial flower, quite a number have been sent to the War Mothers chapter of Richmond to be sold for the benefit of the French orphans.

The Poppies are made in France and sent abroad by the French Orphans' League. The international price is ten cents, but a circular letter states that all over 10 cents one cares to pay will go to the relief of the French widows. The home chapter hopes to realize 25 cents each for the poppies.—Mrs. H. C. Jasper, secretary.

## CASH PRIZES FOR GIRL CLUBS, TOO

(By Associated Press)  
Lexington, Ky., May 20—While Kentucky farm boys are demonstrating their ability as junior livestock judges at the 1921 State Fair at Louisville, farm girls will display their knowledge of household problems in a team demonstration contest, plans for which were announced here today by Miss Anita Burnam, assistant state leader of junior agricultural club work. The contest will be held two days, September 13 and 14, and will be open to all counties in the state. The 1921 contest will mark the beginning of such competition between Kentucky girls who are members of junior agricultural clubs.

Cash prizes totalling \$150 have already been offered for the four highest ranking teams, while the winning team will receive a \$50 trophy which will become the permanent property of the county.

stration contest, plans for which were announced here today by

Miss Anita Burnam, assistant state leader of junior agricultural club work. The contest will be held two days, September 13 and 14, and will be open to all counties in the state. The 1921 contest will mark the beginning of such competition between Kentucky girls who are members of junior agricultural clubs.

Cash prizes totalling \$150 have already been offered for the four highest ranking teams, while the winning team will receive a \$50 trophy which will become the permanent property of the county.

ty having a winning team two years.

Three girls, from 12 to 18 years old, will constitute a team, according to rules of the contest. Demonstrations will be given in canning, spot and stain removal, care and repair of clothing and dyeing cloth. The teams will be judged on the basis of skill, subject matter, team work and results of finished products.

### Somewhat Excited

The following order came to a merchant of this city: "Please send me a sack of flower, five pounds of coffee and one pound

of tea. My wife gave birth to a fine boy last night, also five pounds of corn starch and a screw-driver and rat trap. The baby weighed ten pounds, also ten pounds of nails and a cake of soap. The boy is doing well."—Lebanon Enterprise.

The duodenum extends merely from the pylorus to the beginning of the jejunum, so we suppose it is alright to mention it in mixed company.—Ohio State Journal.

Mrs. Ambrose Calico is visiting friends in Garrard county.

# \$600,000,000 in Newspaper Advertising

## Live Trade Paper Highly Endorses Local Publicity

In the April issue of the Zenith we find the following:

"In 1920 the advertising bill in the United States newspapers totaled nearly \$600,000,000.

"Many merchants, because they are the only dealers in the community think that advertising is a useless waste and expense. 'Why spend money advertising when the customers have to come to me, anyway?' they argue.

"The only time a customer must buy from his local store is when the mails can't reach him, and mail order business is out of the question, or when a customer is in immediate need of some article and must have it without delay.

"The dealer with the mighty weapon of newspaper advertising creates new customers, awakens demand and creates good will. The purpose of advertising is not alone to sell goods the customer needs, but to create needs."

## ASKS BANKS TO CLOSE WEDNESDAY

So Entire Clerical Force May Attend 8th District Convention At Lawrenceburg

The Eighth District Bankers Convention is to convene at Lawrenceburg next Wednesday, May 25, and in order to have a full meeting, President J. S. Hocker, of Stanford, has asked that all the banks in the district close on that day in order to give the entire clerical force of each bank an opportunity to attend. The letter from President Hocker, is as follows:

Dear Bankers:

We want the Group Eight meeting, to be held at Lawrenceburg, on May 25, 1921, to be the best in the history of these meetings and to this end we desire to enlist your enthusiastic support. Important matters will be discussed and by an exchange of ideas, we hope to bring out much information that will be beneficial to all of us in these trying times. Never before have conditions, generally, demanded closer working relations, between the banks themselves, and between banks and their customers, than at the present time, and we want this to be a regular "get together" meeting for the bankers of Group 8.

It has been suggested in view of the importance of the meeting, that the banks of the Eight District declare a holiday for May 25th, and the entire clerical force accompany the executive officers to the meeting. This meets with the approval of the Lawrenceburg bankers, who will furnish the entertainment, and they will be glad to have us all come. A number of bankers have already consented to this and all who will do so, please make arrangements at once and notify Mr. J. M. Bird whistle, Lawrenceburg, Ky.

This meeting should give our clerical force, as well as ourselves, renewed interest and enthusiasm.

## MARKETGRAM

### Grain

Although prices averaged higher during the week, market trend was uncertain and sentiment mixed. Unfavorable crop and weather reports resulted in numerous upturns but lack of support invariably resulted in reaction. Principal bearish influence was passage of the Tinscher bill by the house of representatives; pit conditions also a factor. On the 18th market was lower early but advanced later on account of crop reports from Kansas and Nebraska and reports of large export business. Country offerings of corn were more liberal, with Illinois and Indiana marketing corn rather freely. In Chicago cash market No. 2 red winter wheat \$1.55; No. 2 hard \$1.56; No. 3 mixed corn 58c; No. 3 yellow corn 58c; No. 3 white oats 39c. For the week at Chicago May wheat was up 4 1-2 cts at \$1.48 5-8; May corn down 1 1-2c, at 59 1-4c; Chicago July wheat up 1 3-4c at \$1.18 3-8; July corn down 2c at 61 5-8c; Minneapolis July wheat up 1 3-4c at \$1.24; Kansas City July 2c at \$1.12; Winnipeg July 10 1-3c at \$1.56 3-4.

### Livestock and Meats

Chicago hog prices declined 5-15c per 100 pounds the past week. Beef and butcher cattle were practically unchanged. Feeder steers up 15-25c. Veal calves advanced 25-75c; fat lambs 50c-\$1.25; yearlings 50c-\$2; fat ewes 75c-\$1. May 18, Chicago prices: hogs, bulk of sales, \$8.25-\$8.70; medium, good beef steers \$7.50-\$9; butcher cows and heifers \$5.25-\$9; feeder steers \$7-\$8.90; light and medium weight veal calves \$8-\$9.75; fat lambs \$9.75-\$12.25; feeding lambs yearlings, \$8-\$11; fat ewes \$6.25-\$7.75. Stocker and feeder shipments from eleven important markets during the week ending May 13, were: cattle 31,723; hogs 4,919; sheep 7,350.

With the exception of eastern lambs, wholesale fresh meat prices declined. Beef down 25c-\$1; veal, mutton and pork loins generally \$1 lower per 100 pounds lambs ranged steady to \$3 higher, depending upon the market. May 18 prices good grade meat: beef \$14.75-\$16; veals \$15-\$17; lamb \$24-\$26; mutton \$16-\$18; light pork loins \$22-\$24; heavy loins \$15-\$19.

Stewart Carson, who married Miss Azbill, of this city, is a candidate for the democratic nomination for county clerk in Lincoln county, his home. He is very popular there.

# Kentucky's Chief Executive "delighted" with his

# Studebaker

## BIG-SIX

Edwin P. Morrow  
GOVERNOR

Office of the Governor  
Frankfort

April 4, 1921.

Vetter-Oetken Motor Co.,  
Frankfort, Kentucky.

Gentlemen:-

I want most sincerely to testify to the dependable, satisfactory quality and service of the Studebaker Car which you sold me last September.

I have found the car to be most thoroughly dependable under trying conditions, as I have used it on long trips which had to be made on a schedule calling for speed and certainty. I have never been delayed by engine trouble; break-down of parts of the car or other similar troubles since I have used it. The car looks well; performs well, and especially is one of the easiest riding cars I have ever been in. Its equipment is satisfactory in every way and the whole car stands the strain of the road wonderfully.

I have been really delighted with the car as a dependable, satisfactory piece of machinery, which produces the results desired.

I can most earnestly recommend it as decidedly the best car on the market at anything approaching its price, and its performance is equal to any car.

Most sincerely yours

Edwin P. Morrow  
Governor.

The above is an exact reproduction of an unsolicited testimonial received from the Governor of Kentucky and indicates the appreciation men of discrimination have for Studebaker Quality and Dependability.

## Pretty Things for the Baby

IT IS a fortunate thing for all the interested friends who wish to bear gifts to the baby upon his arrival, or to anticipate it with them, that there are ribbons to depend upon. Ribbons solve practically all problems when the matter of selecting gifts comes up and they either make or adorn nearly every belonging of his babyship. These belongings are about the same from year to year, but they are developed in endless ways, mostly by varying their adornment. They inspire the same enthusiasm that each succeeding springtime does and are as perennially lovely—proof of this is at hand in the group of new ribbon-made or ribbon-adorned baby things shown above.

This picture portrays only a few of the many ribbon accessories for the baby, that are shown in the shops. The most pretentious piece in it is the carriage robe made of thin, flowered silk, with a frill of satin ribbon about its edge. Instead of embroidery or ribbon applique carriage robes often look for adornment to big and ample bows or rosettes of satin ribbon, to be fastened on with a safety pin when in use. These in themselves make

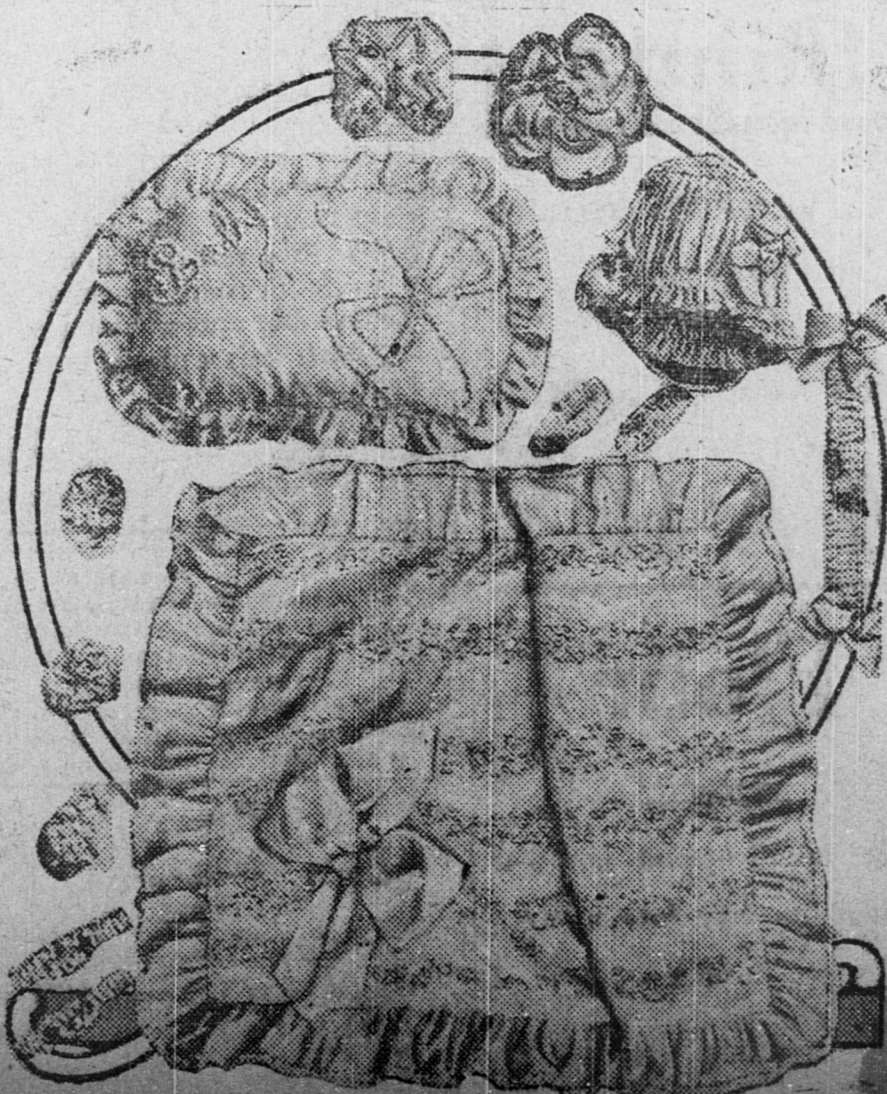

lovely gifts. Then there is the carriage strap made of wide elastic covered with shirred ribbon and usually embellished with bows or rosettes of ribbon.

Sachets are among the most popular of gifts and their story is a long one—there are so many kinds. Little sachet bags, shown at the left of the picture, are made of satin ribbon in many flowerlike tints, and filled with delicately scented cotton. A larger sachet of wider ribbons is pictured with crass, outlined with baby ribbon ruching and decorated with tiny flowers of it. The prettiest of the sachets shown here simulates a flower made of overlapping petals, each petal stuffed with scented cotton and outlined with ribbon ruching.

Little sleeve and stocking garters of elastic covered with shirred satin ribbon as pictured are finished off with ribbon flowers, bows or rosettes of very narrow ribbon, and they are indispensable in the baby's affairs.

## PRESBYTERIANS HEAR BLUE SUNDAY REPORT

Sabbath Observance Committee Reports on Various States at Winona Assembly

(By Associated Press)

Winona Lake, Ind., May 21—Abolition of Sunday base ball, Sunday movies, Sunday theatres, and unnecessary Sunday business are advocated in the annual report of Dr. H. L. Bowlby, General Secretary of the Presbyterian committee on Sabbath Observance. In his message to the General Assembly, Dr. Bowlby says in part:

"The Presbyterian Committee on Sabbath Observance struck out on its second year soon to hit upon paths that were not laid by builders of the republic who dotted early New England with little white churches and little red schoolhouses; paths of organized Sabbath desecration which led not to church nor to Bible school on the Lord's Day, but to the commercial movie, vaudeville and theatre, base ball and amusement parks, the dance hall, sporting club, open business houses, loafing parlors, constant temptations to multitudes of youth and adults, to sell their Sabbath birth-right for this red pottage.

"Among the victories of the year as won by the Lord's Day Alliance of the United States and its auxiliary affiliated societies and in which the Presbyterian Permanent Committee in a number of instances had a co-operative part, are the following:

"In New York the double defeat of the Dickstein Sunday business bill and 18 other bills which attacked the American Sunday is significant. Excellent progress was also made on bills to close all grocery stores and barbershops on Sunday. Aid was given the censorship bill, which was passed.

"In New Jersey the motion picture forces and the commercial sporting advocates were held in check.

"In Pennsylvania an obnoxious Sunday business bill was defeated by an overwhelming vote in the assembly, and other proposed anti-Sunday legislation was killed in committees.

"In Ohio the Taylor Sunday movie bill was defeated.

"In Wisconsin an advantage for more rest days for policemen was won. A grist of anti-Sabbath bills is being held back.

"Splendid results may also be reported for New England, Maryland, some of the mid-west and Pacific Coast states, the South, where last July organized work was undertaken by the Alliance, and in the District of Columbia.

"The committee would lay stress on a nation-wide propaganda for wide-open Sunday, which was started at Washington November 22, through the generous help of the daily press, and back of which were powerful amusement and sporting organizations.

"This propaganda was used as a smoke screen to hide their real purpose of commercial Sunday aid by misrepresentations, exaggerations and a string of lies published through the press and in the movie houses, and intensive advertising, extensive efforts were made to fool the people and make good the former threat of 'wiping out every vestige of laws protecting Sunday from the statute books of every state in the United States.'

"Although the attack was made directly against the Lord's Day Alliance of the United States, your committee saw that the real issue was interrogatively stated 'Shall the American Christian Sabbath be Abolished?' A communication was shaped up by the secretary of the committee and sent out to strategic centers warning Presbyterian pastors and leading ministers of this movement, a more dangerous than which has not been attempted against the American Sunday in the last 50 years.

"With so many Olympian obstacles placed in the way of the church, the Bible school and the home, and no adequate machinery at hand to remove them, we believe the church should promptly adopt the slogan of the late Lord Kitchener who, on arriving at his headquarters, tersely asked 'Is there a bed here?' And on receiving the answer, 'No,' replied, 'Get one.'

Unless some appropriate solution is found for this problem many of our churches will fall upon dissolution.

"The committee believes that 'Go-to-Church Sundays' are good and helpful but that there would

we have built a commercial service so well organized and systematized that it can be depended upon to function with the accuracy and precision of a smoothly running machine. The business interests of Richmond always come first at the

MADISON NATIONAL  
BANK

be no urgent need of them if we had a proper observance of the Lord's Day. If the people properly observe the Sabbath they will be found in the House of God on that day.

Remove these counter attractions and distractions of the day and it will prove a far easier matter to woo and win back a multitude of young people who have lost the way to the Bible school and the church. Close up the Sunday movie theatre, shut the gates of the base ball parks, lock the doors of many open places of business, make more attractive but none the less spiritual, the meetings of the church, and this paramount problem of the church will be well on the way to a definite and effective solution."

## \$200 IN CASH for Naming this Picture

Hello, Folks! Here's your old friend Maud Purina again!

Think up a name for this funny picture and send it in. See prizes below. The sure way to win money all the time is to feed Purina O-Molene to your horses and mules. They repay you well in better health and harder work. Thousands couldn't do without it.

Now for the fun! Think up something to call this picture. It might be described by a sentence, or a quotation from a poem, or most anything—just so it isn't over 20 words, and fits the picture.

\$100 for the sentence, title, poem or even a single word that fits the picture best.

\$25 for the Second best.

\$5 each for the Fifteen next best ones.

A real Maud Purinak (silver-washed) will be sent to every person submitting an answer. Only one to a person.

In case a winning expression is submitted by more than one person, each will receive the prize stated above. All answers must be mailed by June 11, 1921.

Don't be afraid to try. A fifteen-year-old boy won the Hundred Dollars last year. All you need to do is name the Purina O-Molene Dealer in your town and mail your answer right quick to your old friend,

**Maud Purina,** care PURINA MILLS, St. Louis, Mo.

Winners Will Be Announced About the End of June

**W. W. Broaddus & Co.**

Richmond, Kentucky

INDIANAPOLIS, IND.—Roscoe Saries, who is always a contender in speed events, especially on the Pacific coast, will take another whirl on the wheel of fortune in his native state by virtue of his entry in the Ninth International 500-mile sweepstakes race to be held at the Indianapolis Motor Speedway Monday, May 30.

It was only a few years ago, as a mere youth, that Saries was promoting and piloting cars in race meets over the half-mile tracks at county fairs grounds in Indiana. He was confident he would graduate to the big league of racing and within a short time was riding with several of the better drivers as a mechanic.

Then he got a car of his own and went right out and made good. Probably no other driver has taken so many spills as Saries and come out of the melee smiling and unhurt.

Saries hails from Lafayette, Ind., just a hop-step-and-jump from the Indianapolis Motor Speedway, and the home folks flock in droves to see their native son flit with fame and fortune over the bricks of the historic speed course of the Hoosier capital. But something always happens and many believe he is jinxed in his home state—but he always gives the natives a run for their money while he is in the race.

Two years ago Barney Oldfield thought so well of Saries that he nominated him to pilot his "Golden Submarine," but before the race was well under way a broken cam shaft put the car and Saries out of the running.

In the event last May Saries drove three of Louis Chevrolet's creations. The one in which he started the race went out with a broken steering knuckle, but Saries brought it to a standstill on the green beside the track on the back stretch without a scratch, and after deciding that the car could not be repaired in time he re-entered the competition, he ran across the infield to the pits and climbed into another car that was making a short stop at the pits.

This car went in the ditch within a few laps, but Saries came to bat again and, with some marvelous driving, put the car on the side lines without injury. Then he had the nerve to enter the race as a relief driver for one of his teammates.

In a road race in California Saries swerved his car off the course and hurdled a wall of sandbags to avoid hitting a woman and child who were crossing the track. Thrills have played a great part in his racing life. But of the course he is gentle and unassuming. He is married and his wife is his companion on all his racing expeditions.

Saries will pilot a Duesenberg in the coming race.

ternoon. After an excellent business session the hostess served a delightful luncheon.

The Pastors Aid met with Mrs. Amelia Merritt Thursday evening. After a pleasing program, the hostess tickled the palate of her guests with delightful refreshments.

St. Paul A. M. E. church under the pastorate of Rev. E. Coleman bids fair for a successful year's work under his excellent guidance.

### Missionary and Evangelistic To Meet Here

The Baptist Missionary and Evangelistic Institute will meet at the First Baptist church, city, next Tuesday and Wednesday, May 24 and 25, conducted by Rev. J. E. Wood, D. D., editor of The Torchlight, Danville, and State Evangelist Rev. T. Timberlake, D. D. The institute includes all local ministers, church officials, Sunday School workers and heads of all church auxiliaries. The membership of all the churches and public in general are especially invited to be present at both day and night sessions as valuable information and inspiration will be obtained. Mr. Wood is one of the ablest divines in the state, nation and denomination. Some years ago he built a church at Danville at a cost of \$40,000, and lately he has been called to Paducah, Ky., at a salary the highest ever offered a colored minister in this state. Dr. Wood is also moderator of the 90,000 negro Baptists of Kentucky.

As for Dr. Timberlake's ability and popularity he needs no introduction to the people of this city and county and he formerly pastored in Winchester. He is one of the state officials of the denomination, being head of the Evan-

gelistic department which branch of church activity is doing a great work for both the denomination and race.—Winchester Sun.

The Most Beautiful Car in America

### A Car With Personality

There is an air of distinction about the New Series "Glenbrook" that you will find in no other moderate priced, five passenger car. That is why it has been adopted by really smart people who will not tolerate the commonplace.

Then, remember, it not only looks but acts the thoroughbred. Under the hood there is a marvelously efficient motor that accelerates from five to twenty five miles per hour in nine seconds flat. This means giant energy for hills and every test of the highway.

Last, but not least, the "Glenbrook" is a rigid Economist. It extracts every atom of power from a gallon of gasoline and turns up surprising mileage on a set of tires. It is a thrifty car with a keen sporting personality—a very hard combination to find.

But we ask you to establish these facts for yourself. Take just one ride in the "Glenbrook" and discover what actually lies hidden under the hood. It will prove a revelation, we believe, and a liberal education in strictly modern engineering.
